- Shortcut screen to monitor all stocks with a group of virtual fields.
- Data can be arranged by clicking on the field's title to organize the order in ascending or descending order.
- Stocks can be removed by clicking on the icon ✕
- You can buy/sell any stocks by double clicking on the bid or requested quantity.
- You can add or remove the desired fields by clicking on this icon

### New Order Entry Screen:

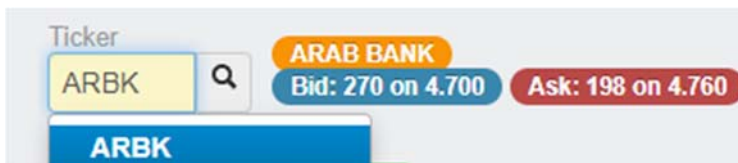

The new order entry screen box contains the following fields:

**Side:** The type of order (buy/sell), the box's color changes based on the side selected, red for selling and blue for buying.

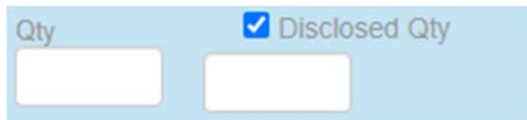

**Ticker:** when you enter the desired ticker for example ARBK, the following information will appear: the company's name as well as the best current bid/offer quantities in the market.

**Quantity:** The number of shares to be bought or sold.

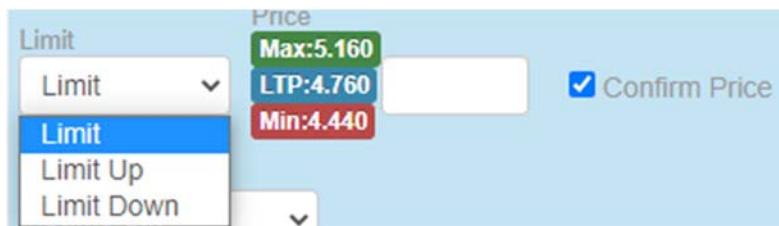

Display quantity: The quantity to be shown in the market. For example, if you want to buy 1000 share and then activate the display option by entering 500 shares, the order will appear in the market as 500 shares.

Qty  Disclosed Qty

**Price Limit:** The type of required price limit, Limit up, Limit down and price limit

(When selected the user should write the desired price inside the box)

Limit   Confirm Price

Price  
Max:5.160  
LTP:4.760  
Min:4.440

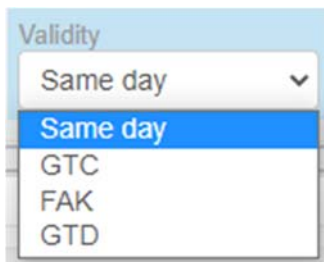

**Validity:**

**Same day:** The order expires by the end of trading session, or at the subsequent trading session if the order was placed after the market close.

**FAK (Fill and Kill):** The order that can execute maximum number of shares available at a certain price then cancel the rest automatically.

**GTD (Good till date):** the order is valid till a specified date entered by the client.

**GTC (Good till Canceled):** Order is valid till end of the year.

Sell

Order entry screen also contains the calculator option:

Create Order		
<b>ARAB BANK</b>	<b>On Price : 4.500</b>	
Buying Power	Stocks Can Buy	Stocks To Sell
36,805.322	8,144	8,213
Available Quantity	Money From Sell	
0	0.000	
<b>Calculate</b>		

The share and price are entered into the order entry screen box then press calculator option.

It is possible through the calculator to:

- Calculate the number of required shares to sell to obtain a certain amount.
- Calculate the number of shares that can be purchased in a certain amount.
- Calculate the amount obtained through selling certain quantity of shares.
- All quantities and amounts calculated shall include commissions.

- **Client's information**

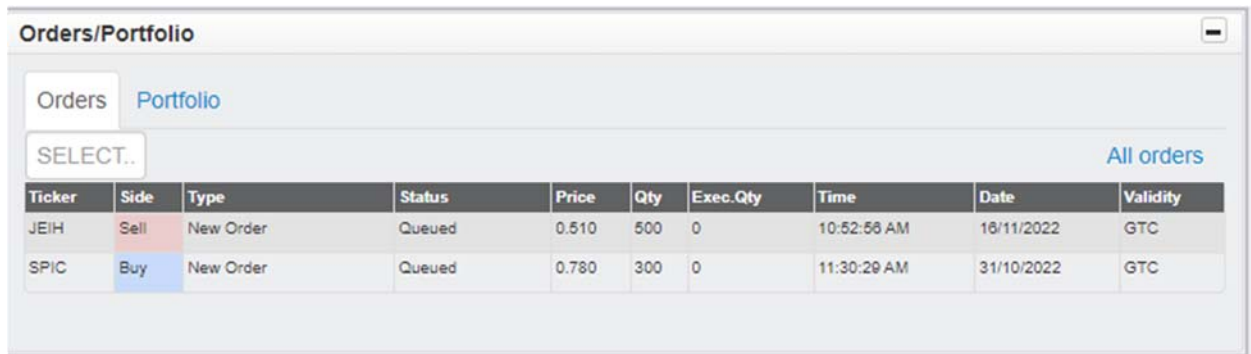

Client Info	
Cash	43.750
Facilities	0.000
Blocked Cash	0.000
Buying Power	43.750

The screen contains two sections of information:

- Client's balance information:
- Cash: The cash balance in the client's account
- Facilities: The amount of credit limit provided to the client.
- Blocked cash: the value of the buy orders that are still in the market.
- Buying power: Equal to cash balance plus credit limit minus any blocked cash amount if any.

- **Screen Orders/Portfolio:**

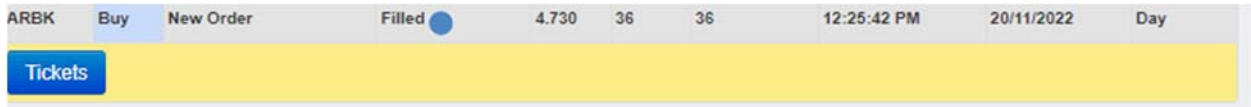

Ticker	Side	Type	Status	Price	Qty	Exec.Qty	Time	Date	Validity
JEIH	Sell	New Order	Queued	0.510	500	0	10:52:56 AM	16/11/2022	GTC
SPIC	Buy	New Order	Queued	0.780	300	0	11:30:29 AM	31/10/2022	GTC

**Orders:**

- The screen includes several sub-screens as follows:
- It includes the client's day orders, in addition to any GTD or GTC orders.
- Sell orders are shown in pink color while buy orders are in blue color
- Order status are shown by a written text and an icon as follows:
- Queued: The order is still in the market.
- Active: The order placed after the market
- Canceled: The order has been canceled
- Rejected: The order has been rejected from the market and the reason will be shown by hovering over the icon.
- Filled: The order has been fully executed.
- Partially filled: The order was partially executed.
- Modified: The order has been modified and the order is still in the market.
- Expired: The order has been expired and it is no longer in the market.

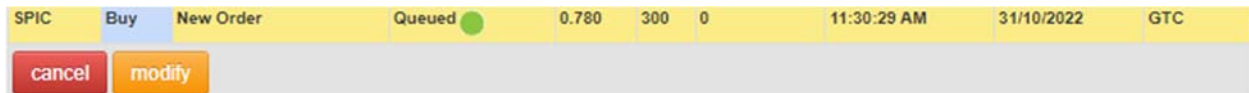

When clicking on the order you can choose other options for the same order:

Tickets: This option is shown if the order has been executed or partially executed, all the executed transactions on the order, prices and times are shown.

Details: This option appears if the order was previously amended, the screen shows all the amendments that were made on the order.

Cancel: to cancel the order from the market.

Modify: to modify the order.
